(b) whether Government have formulated any concrete plan to end distress being caused by the power crisis in the national capital of the country; and

(c) if so, the details thereof?

THE MINISTER OF POWER (SHRI SUSHIL KUMAR SHIMDE): (a) National Electricity Policy, *inter-alia,* envisages that demand of power be fully met by 2012 and that energy and peaking shortages be overcome with 5% spinning reserve being available. States have been accordingly advised to create adequate generation capacity to fully meet the growing demand of the electricity. Central Government on its part has geared up its Central Sector Undertakings to enhance their generating capacity.

(b) and (c) Ministry of Power has facilitated signing of Memorandum of Understanding/Power Purchase Agreement by Delhi Transco Ltd. (DTL) with Tehri Hydro Development Corporation and National Thermal Power Corporation for a total of about 1574 MW of power. Delhi is expected to have additional power availability from Tehri HEP (4x250 MW) as well as thermal stations of the Eastern Region in lieu of Tala power (6x170 MW) allocated to Eastern Region constituents, which are likely to be commissioned in phases starting from July/August, 2007.

In addition, all possible assistance is provided from time to time to meet immediate requirements, by way of utilization of capacity of gas-based stations on liquid fuel and additional allocation from unallocated quota of Central Generating Stations.

Financial assistance has also been provided to Delhi under Accelerated Power Development & Reforms Programme (APDRP) for improvement of sub-transmission and distribution system as amajor step towards reduction of aggregate technical and commercial losses.
